## Profile

Master's student in **Business Management and Information Systems**, currently in my first semester. Passionate about using my academic foundation, and hands-on IT experience to contribute in a work environment. I am eager to join a team where I can further develop my technical skills while solving real-world challenges, and add value to the company as a proactive and collaborative team member.

## Employment History

### WhereToOslo, Oslo - *Developer and Technical Lead*

August 2023 - September 2025

- Sole developer at a startup, designing and implementing an interactive map application using React (TypeScript) and React Native, with OpenLayers as foundation for the map.
- Frontend: built a responsive, user-friendly interface that enabled real-time data visualisation and interaction.
- Backend: Created a database with a hosted admin site for updating map pins, that was sent to the frontend via API.

**Key skills:** React, React Native, OpenLayers, TypeScript, API integration, System architecture, MongoDB

### Norsk Helsenett, Oslo - *Fullstack developer, internship*

June 2024 - August 2024

- Contributed to the development of web-based journals and secure communication platforms for the national service provider of e-health.
- Planned and collaborated in sprints using Agile-Scrum as scrum-master.
- Implemented applications while ensuring compliance with healthcare data protection regulations. These applications were then pentested.

**Key skills:** Full-stack development, Secure communication protocols, Healthcare IT, Kotlin, team collaboration, Sprint planning, Pentesting

## Technical Skills

Java and Kotlin  
SQL and NoSQL  
HTML, CSS and JS/TS  
React  
Python  
C#  
Git  
Docker  
Kubernetes  
Devops in Azure and AWS

## Languages

Norwegian, English, Swedish, Danish

## **Kristiania University of Applied Sciences , Oslo – Student Assistant, Administration**

Mai 2023 - June 2025

- Provided initial council and guidance to students, ensuring support for academic planning.
- Managed term planning, meeting scheduling, and case management, coordinating in administrative processes.
- Handled general inquiries, study confirmations, and official decisions, maintaining compliance with institutional policies.

**Key skills:** Communication, Organisation, Administrative support, Problem-solving, Attention to detail, Change management

## **Education**

### **Copenhagen Business School – MSc in Business Administration and Information Systems**

August 2025 - June 2027

### **Kristiania University of Applied Sciences – Bachelor in Information Technology- Programming**

August 2022 - May 2025

Electives in Map-based web application and IT Management. Bachelor was done in collaboration with a startup focusing on AIOps, creating a pipeline for the AI-algorithm to read text-based logs.
